OMODA | JAECOO

OMODA & JAECOO are redefining the future of intelligent and electrified mobility. With distinctive design, advanced engineering, and a deep commitment to sustainability, the brands go beyond vehicles to inspire smarter, more connected lifestyles, rapidly becoming one of the fastest-growing automotive brands in the world. Headquartered in Wuhu, China, OMODA & JAECOO now operate across 69 countries, including key markets in Latin America, the Middle East, Southeast Asia, and Pakistan. Guided by the global LOHAS (Lifestyles of Health and Sustainability) philosophy, OMODA & JAECOO continue to drive progress with purpose, shaping a cleaner, smarter future for mobility.

A PRECISELY SCULPTED FUTURISTIC DESIGN

The OMODA 7 is a striking expression of modern automotive design, earning the 2025 Gold Award at the French Design Awards for its bold, forward-thinking aesthetics. Its dynamic proportions and integrated air vents give the car a refined and assertive stance on the road. The streamlined form of the side mirrors minimizes wind resistance while complementing the vehicle's flowing lines. The headlights are a distinctive statement of modern design and innovation, creating a lasting visual signature. Their sleek, angular form integrates seamlessly into the front fascia, enhancing the car's confident presence.

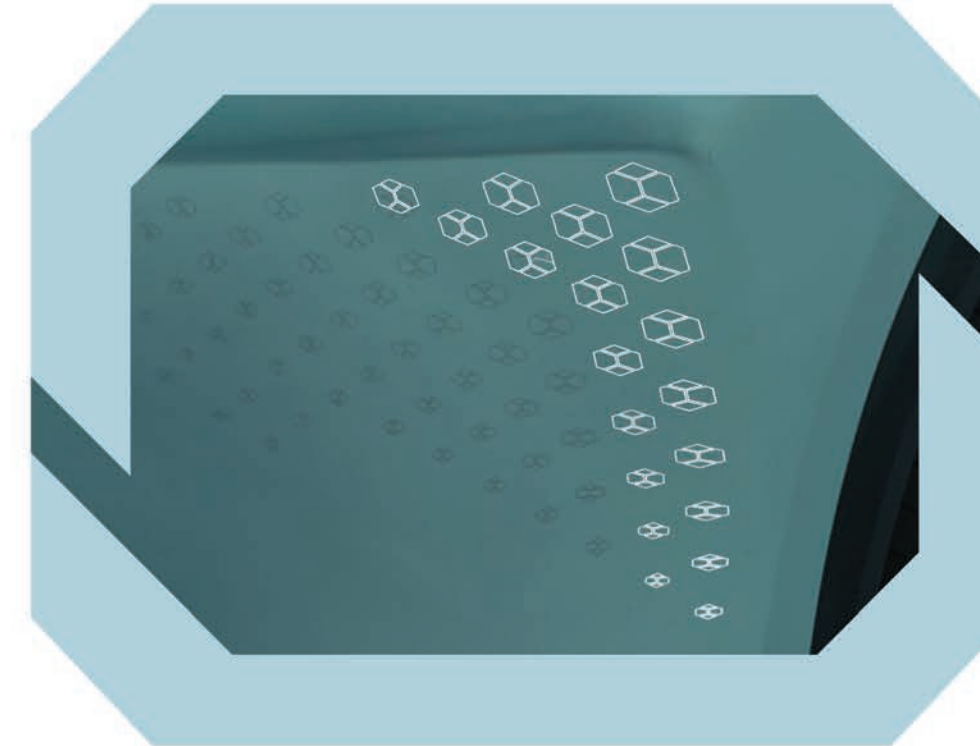

EXTERIOR

A FUTURISTIC DESIGN THAT LEAVES A LASTING IMPRESSION

The OMODA 7 carries a next-generation identity that stands in a league of its own. Its streamlined body gives the vehicle a bold and dynamic silhouette. Every angle reflects precision engineering, advanced aerodynamics, and next-generation innovation. From its borderless grille to the sleek semi-hidden door handles and striking intelligent LED lighting signatures at the front and rear, every detail comes together to create a bold, futuristic aesthetic. The result is a forward-looking design where every element feels purpose-built, refined, and unmistakably advanced.

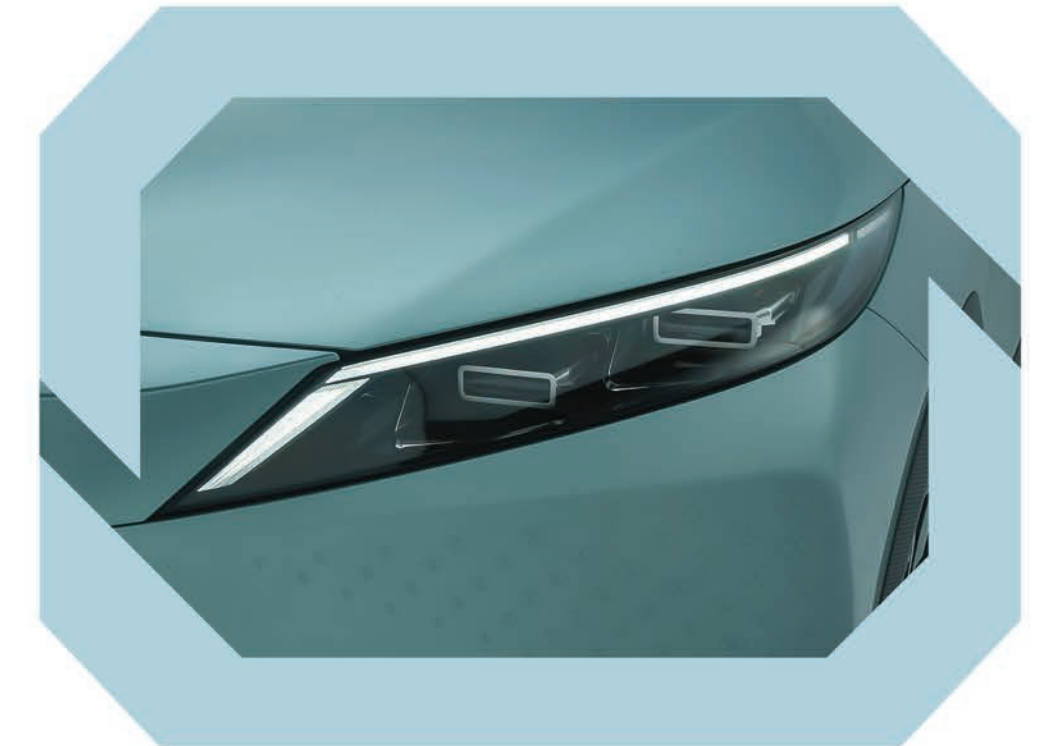

Illuminated Front Bumper Lights

Hexagonal-shaped integrated bumper lights with intelligent lighting and a refined aesthetic.

Geometric Aesthetic Headlights

LED and DRL integrated headlights are designed to create a stunning first impression, delivering signature illumination that is instantly unforgettable.

**Effortless Home Charging
with 7 kW Power**

Enjoy convenient home charging with a complimentary 7 kW EV charger, making everyday charging simple, fast and reliable.

Alluring Alloy Rims & Wider Tyres

20" Aluminium alloy rims enhance the vehicle's bold exterior design with a refined, seamless finish. The wider tyres provide improved grip and control on the road, ensuring greater stability and driving confidence.

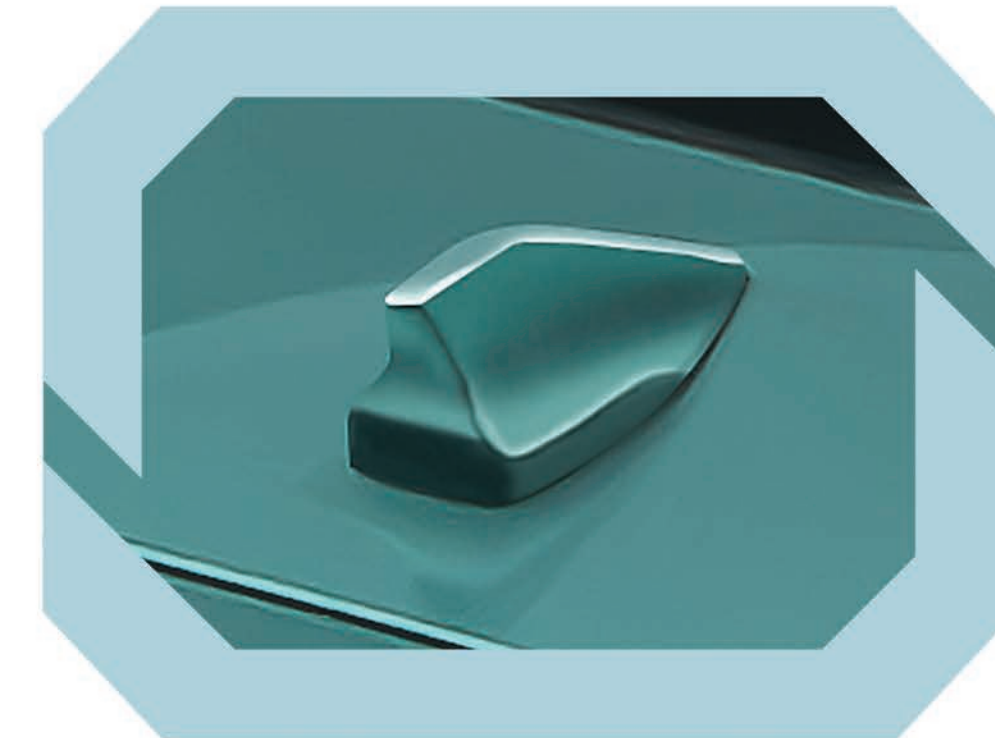

Thunderbolt Tail Lamps

For a bold, high-voltage exit signature that creates an unforgettable departure.

Smart Shark Fin Antenna

A multi-functional communication hub designed with a durable, aerodynamic form.

INTERIOR

Luxury Fragrance Dispensers

Diffuse pleasant scents throughout the cabin with three pre-loaded fragrance options: Dark Temptation, Charming Air and Forest Bath, turning every drive into a more enjoyable and personalized experience.

Next-Gen Intelligence Core

Powered by the Qualcomm Snapdragon 8155 intelligent chip, delivering a seamless, high-performance infotainment experience.

STAR-RAIL GLIDE SCREEN

A 15.6" infotainment display that glides horizontally via 4-finger swipe along the dashboard, enabling easy sharing of navigation, media, and other onboard system controls.

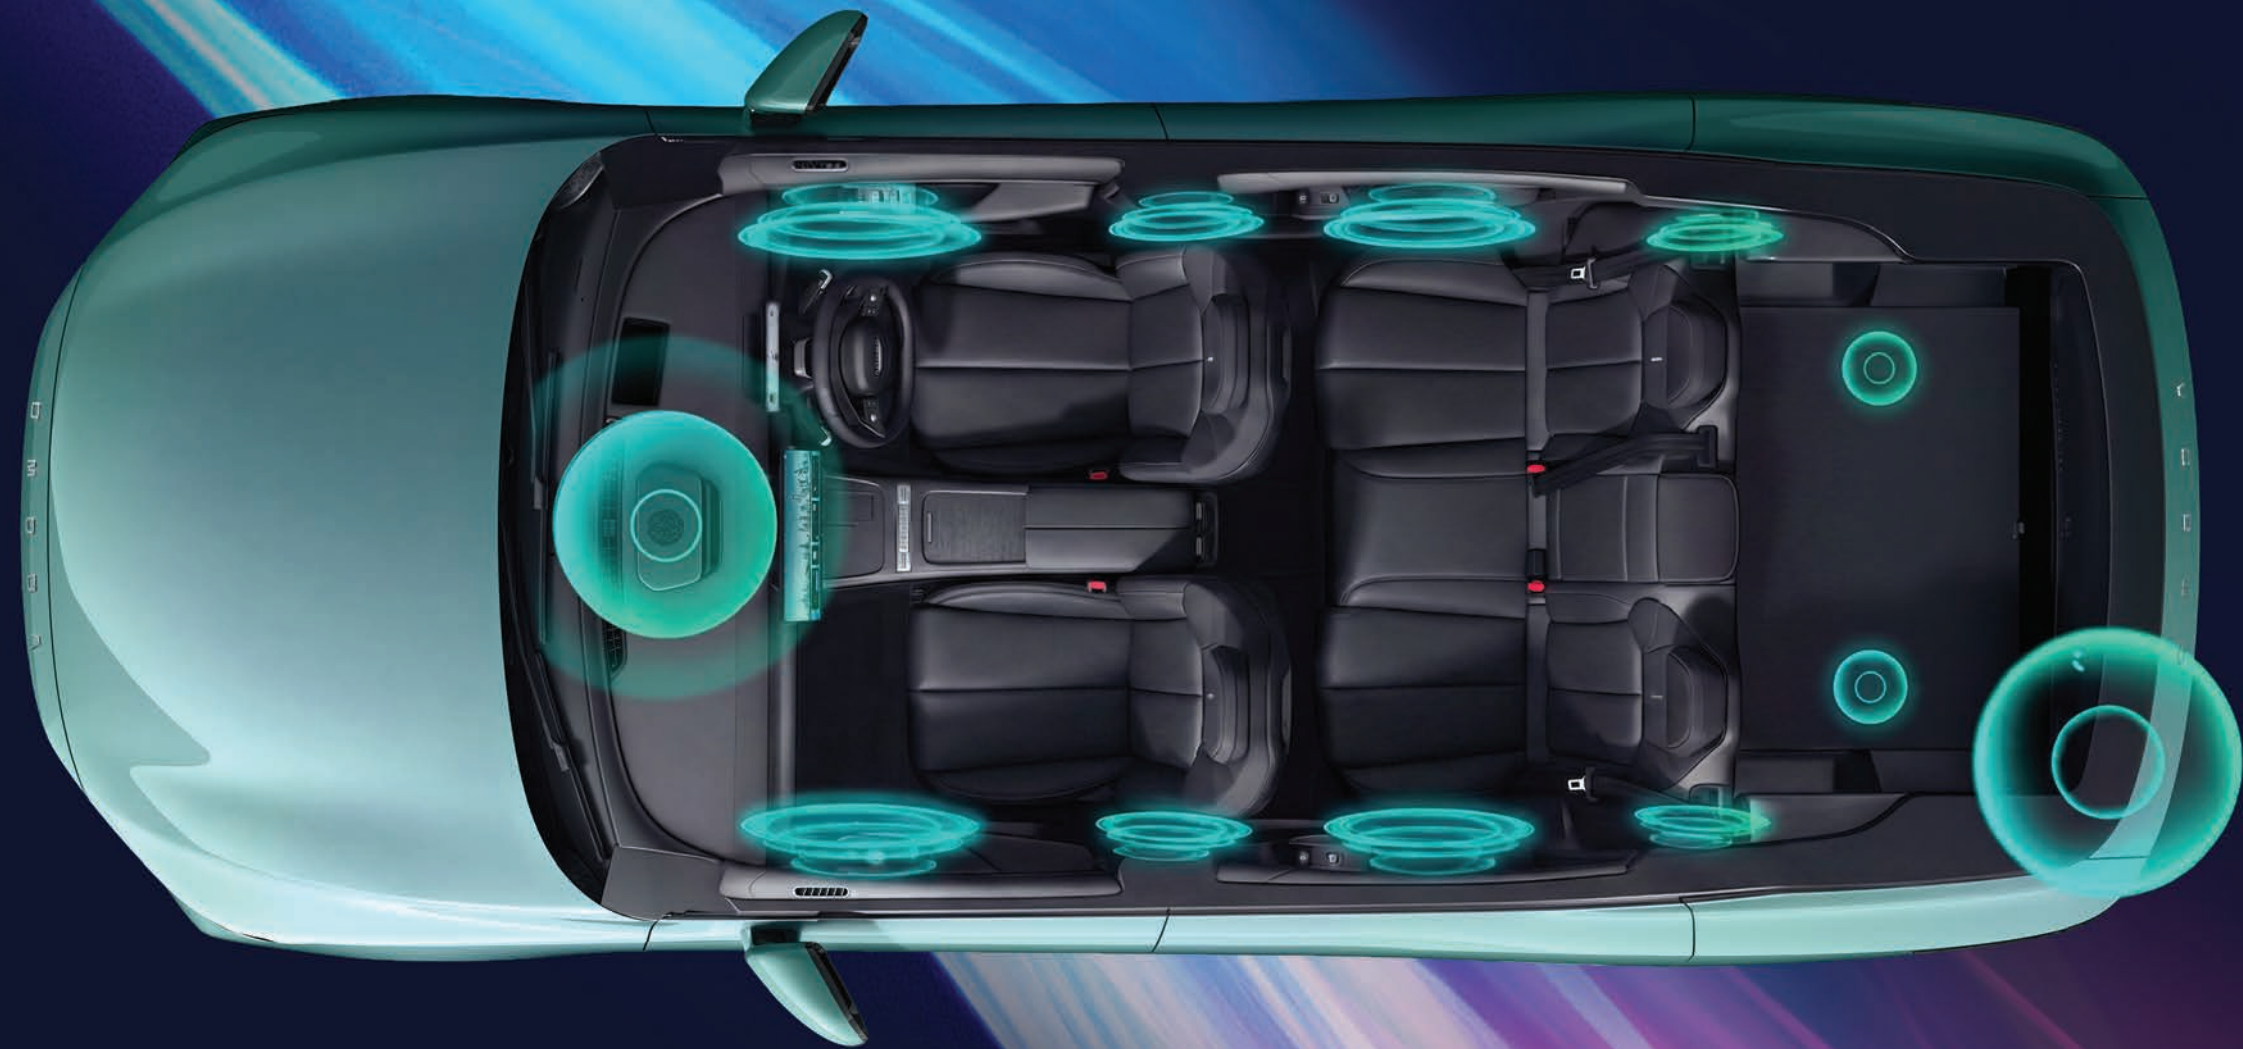

SKY IS YOUR CEILING

The power-opening panoramic glass sunroof invites light and openness into the cabin. Its expansive glass panel extends far back over the rear passenger area, significantly increasing natural light and enhancing the sense of interior space. With a single touch, the electric shade adjusts the brightness, offering the perfect ambiance for day or night.

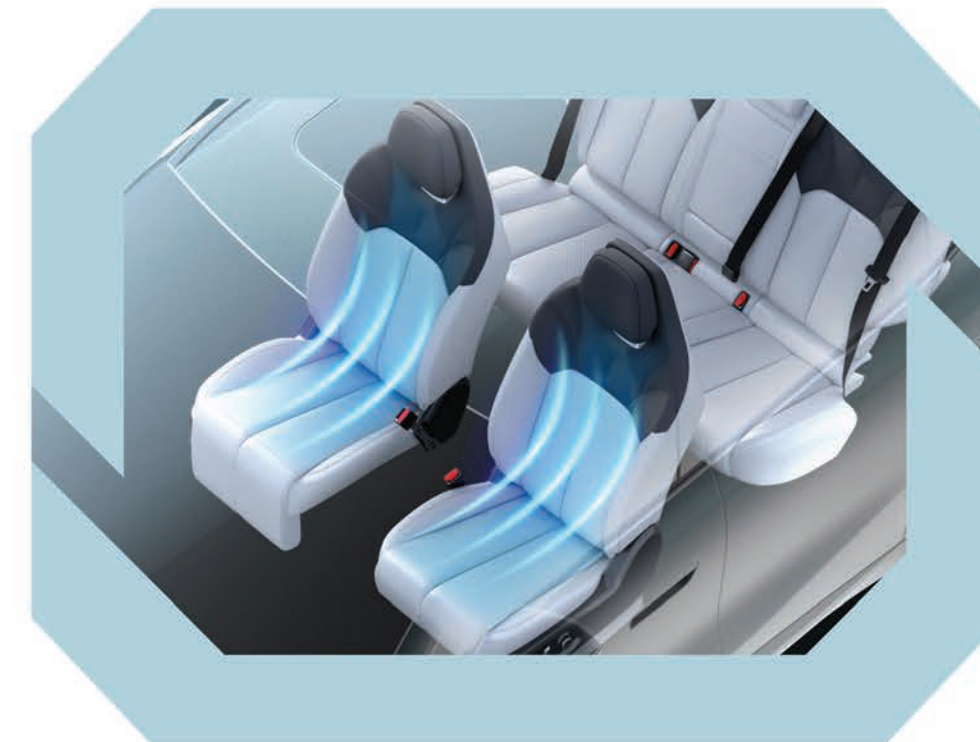

SONY®
PREMIUM 12-SPEAKER
SURROUND SOUND SYSTEM

A 12-speaker **SONY®** sound system, crafted
to deliver a fully immersive, crystal-clear
audio experience.

8 THERAPEUTIC MASSAGE POINTS

Luxury therapeutic massage system in the front passenger zero-gravity seat, designed to provide a soothing in-drive experience with enhanced thigh support while minimizing body strain, making it ideal for long journeys or rest.

Luxury comfort, fit for a throne

The front seats exude luxury, inspired by gaming seats, and feature electric adjustment, heating, and ventilation to ensure personalized comfort throughout the journey.

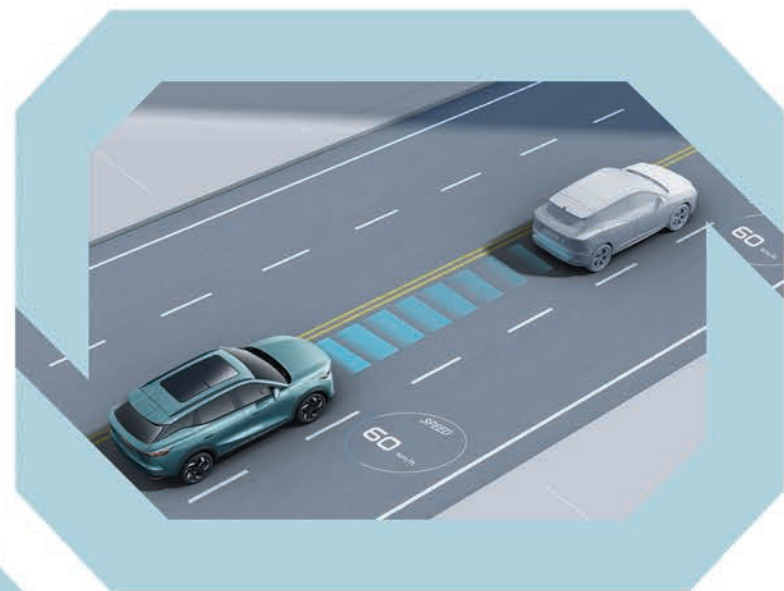

INTELLIGENT DRIVING ASSISTANCE

The OMODA 7 features a robust suite of Advanced Driver Assistance Systems (ADAS), designed to deliver comprehensive active safety through a seamless integration of radar, cameras, and intelligent software. This system enhances highway driving, parking, and urban navigation with greater precision and confidence.

PROTECTION AT EVERY ANGLE

OMODA 7 is equipped with a comprehensive eight-airbag system, engineered to deliver enhanced protection for every passenger. Featuring dual front airbags, front side airbags, a driver knee airbag, a front center airbag, and full-length side curtain airbags, the system works seamlessly, minimizing impact from all directions and ensuring maximum safety on every journey.

ULTRA-RIGID AND ADVANCED PROTECTIVE BODY STRUCTURE

The OMODA 7 features a reinforced, high-strength body frame engineered to maximize safety and stability. Strategic steel reinforcements and energy-absorbing zones work together to enhance protection and handling precision, delivering a confident, secure, and worry-free driving experience.

OMODA 7 SHS-P

SUPER HYBRID SYSTEM

The OMODA 7 SHS-P is powered by an innovative Super Hybrid System that blends the best of gasoline and electric technology. It delivers thrilling performance, exceptional efficiency, and the freedom to go further, redefining what a modern vehicle can achieve.

DEDICATED HYBRID ENGINE

The OMODA 7 SHS-P (Plug-in Hybrid) features a specially engineered hybrid powertrain designed for maximum efficiency and seamless performance. This advanced system delivers strong acceleration, reduced fuel consumption, and a smooth transition between electric and fuel driving modes, ensuring intelligent power delivery and exceptional responsiveness in every drive.

DEDICATED HYBRID TRANSMISSION

Paired with an intelligent hybrid transmission system, the OMODA 7 SHS-P (Plug-in Hybrid) delivers precise power output and refined handling. Its dedicated hybrid gearbox optimizes energy flow, enhances acceleration, and ensures a quiet, efficient ride, bringing advanced electric-drive innovation to everyday journeys.

HIGH EFFICIENCY BATTERY

The high-efficiency lithium iron phosphate battery features a capacity of 18.4 kWh, enabling up to 90 km of pure electric range (WLTP) and supporting fast, efficient energy use across hybrid driving modes.

SPECIFICATIONS

Engine & Powertrain	Luxury	Premium
Engine Capacity	1.5TGDI+PHEV

INTELLIGENCE MEETS CONVENIENCE

Stay connected to your vehicle anytime, anywhere with the CarLinko App. This intelligent connectivity platform offers remote access to key vehicle functions, allowing you to monitor its status, control essentials such as door locks, air conditioning, and charging, and receive real-time updates directly on your smartphone. Designed for convenience and control, CarLinko ensures a seamless digital connection between you and your OMODA 7.

EASE WITH REMOTE START CAPABILITY

Start your engine effortlessly from a distance with a simple press and hold on the smart key, adding comfort and convenience to every drive.
